Council questions value of Chamber of Commerce

The Haliburton County Chamber of Commerce came under fire from members of the Anson, Hindon and Minden council in regard to the role of the Chamber and its effectiveness. The discussion took place at last Thursday's council meeting, less than a week before the Chamber makes its annual presentation to county council for 1983 funding.

Councillor Gary Kenney introduced the issue, expressing his concern over the methods the Chamber uses to seek funding and the uses it makes of the money.

"It seems to be a heart fund drive," said Kenney.

Deputy Reeve Ed Pergolas agreed with Kenney's assessment of the "emotional" presentation. He said that at last year's presentation he felt "hemmed in" as an observer and wondered about the effect on county council members. He said the method of presentation makes it difficult to make a judgement. "I shudder to think what is going to happen."

Pergolas said there was "a lot of hallway talk" about the Chamber at county council.

Councillor Larry Cummins added he had been "checking

into" the Chamber of Commerce for his own benefit and said there "certainly is skepticism" on his own part.

Kenney also expressed doubts about the way the funding was being spent. His major question was whether the Chamber was indeed a Chamber of Commerce or a "janitorial service." He said the Chamber did some good work but it is not "Chamber of Commerce work as I know it."

The Councillor said a Chamber is supported by its own members and not by government. This casts some doubt on the Chamber's independence.

Kenney also remarked that the Chamber should be paid for what it is doing. "If it's an information centre, let's call it that and pay for that service." He said any additional funds could be used to better promote Minden, something which Kenney says is lacking.

County-wide promotion
 Chamber manager Bob Stinson and president Rhonda Elstone said the organization's purpose is promoting the county as a whole and not any specific area. Both said Minden should do its own advertising.

Stinson suggested the BIA be used to promote the municipality through the Chamber in the same manner as the association around Lake Kashagawigamog. "I'd certainly welcome it." He used the plastic bag campaigns now in progress by the Chamber for the county and the BIA for Minden as an example of how the two could have co-operated on a scheme.

"Basically, our mandate, and any other Chamber's mandate, is to do whatever is seen to improve the economy of the area. The mandates of Chambers can be vastly different spending on the economic base. Here it is tourism," said Stinson.

Stinson said the call for money is only for the tourist and convention bureau side of the Chamber as opposed to the Chamber of Commerce side. The two are separated and have different marketing schemes. "I think we are addressing the two issues. This is probably the most efficient way of doing it," he said.

Tourism helps the other

(more on page 2)

Trappers from throughout the Minden district attended the annual workshop held Sunday at Minden Community Centre. They discussed issues of concern and viewed a number of demonstrations of trapping and pelt preparation techniques. Dave Chynoweth of Norland, demonstrates the skinning of a beaver. To several interested trappers.

Stanhope airport expansion dropped by township council

The suggestion that the Stanhope municipal airport could be taken over by the county and that a major expansion be considered has been dropped by the Stanhope Township council. The decision was taken at the February 9 meeting of council after a strong presentation was made against any plans to expand the present facility.

The objections were raised by the owners of Maple Sands Resort, Curtis Eastmure and Tom Anthes.

Their Maple Sands Resort is located adjacent to the airport property. Catering to family groups and residents of the urban south who are looking for quiet vacation retreat, the owners said they expected any airport expansion to drive business away from their facility.

The pair were responding to a suggestion made last month by Stanhope Deputy Reeve Elgin Stouffer that the county take over the operation of the airport and that funding be sought to improve the facilities. The initial proposal had met with mixed reaction.

Eastmure and Anthes told the meeting that they would seek a "complete buy-out" of their property if the airport is expanded, no matter which level of government (township or county) was involved.

Stanhope Reeve Harry Davis described the presentation made by the resort owners as factual but noted it was "still full of ifs, ands, maybes and hypothetical things."

According to the resort owners, they are long-time

taxpayers in the township, providing one of the major single sources of tax revenue for the municipality. They said the ownership has invested between \$100,000 and \$150,000 at the resort and are considering a further investment of \$250,000 in the next few years.

Anthes said that a number of other ratepayers, who reside in the vicinity of the airport, had expressed their concern about expansion and the fact the matter was not raised at the all-candidates meeting prior to the municipal election last year. Councillor Ann Barker noted a question on the airport was on a survey taken by the Maple Lake Association prior to the election, but noted that

Stanhope Airport terminal building.

Time sharing development proposed for Dysart

The \$10 million time sharing development proposal for Dysart et al took one step closer to reality Monday. Sherwood Development Company, the project's designer announced its choice at the council meeting.

The firm wants to purchase land at the southern end of West Lake, straddling the line between West Guilford and Harburn townships. About 2600 feet of shoreline are required for the potential 38 units, a figure subject to land variation. The company said arrangements for access to the remote area were made with Bob Bishop. Bishop's Sir Sam's Road is private and requires approval for use, which the company has secured.

The firm eventually hopes to have about 38 units, a community centre with management offices, a swimming pool, at least three tennis courts, cross country ski trails, a sand beach and other attractions.

Sherwood president Gabor Harsanyi outlined some points about the company to assure council of the firm's stability. He said a "sophisticated" system of referrals has drastically reduced his company's advertising budget, allowing sales people to move their products much more inexpensively. He said this has helped during this time of

recession and the company has many affidavits to substantiate claims of 36% growth during each year of operation.

Larry Bailey, heading the time sharing division of the company reiterated points made at the last council

session he attended. He said there would be a new source of vacation dollars every week due to the weekly turnover of time sharing residents. Also, the municipality would receive taxes which would not require support services, schools for example. There

would also be an increase in employment to handle constant influx of new buyers and the development would stabilize the local economy. All these possibilities have greater potential because of the upsurge in the tourism

industry.

Dysart council endorsed the project and referred it to the planning board for further deliberation. There the necessary studies, such as sewage and water supply will be undertaken said municipal planner Derrell Stamp. The municipality should also sign

an agreement ensuring the developer will pay all costs, he continued.

Councillor Glen Hodgson asked how many individuals would use aircraft to reach the development. Bailey said the income bracket for this type of development could support as much as 75% commuting by plane.

Sewer extension possible

A proposition by the PineStone Inn could see an extension of Dysart et al's present sewage system to the resort and beyond to the resorts on North Kashagawigamog Road.

The presentation to the Dysart Council was made by

Wren Blair of the Inn which has plans for future expansion, and two engineers responsible for the sewage arrangement for Hidden Valley and surrounding resorts in Muskoka, Stuart Reid and Don Smith.

Reid said the estimated cost

for the project is about \$750,000. Dysart Reeve Murray Fearrey questioned whether debentures were necessary for the development but Reid said it was a "one shot deal." He also said that the other resorts with the potential to be hooked up to the system and the provincial government would be petitioned for funds. Fearrey said he had discussed the idea with Deer Lodge and the resort reacted very positively to the development.

Reid said present and future west end commercial developments could be accommodated by the system.

The engineer also told council that after the construction of the sewage system was completed, Muskoka assumed maintenance.

Snowarama starts Saturday

The Minden Rotary Club's Snowarama for Timmy is set to go this Saturday.

Organizer for the Minden Club, Lionel Walker, announced the event would be held this weekend. He reported that the trails are in fairly good shape, although the weather could play a major factor in the success of the day.

The ride was originally scheduled for February 5, but had to be postponed because of the poor trail conditions.

The annual event sees riders from throughout southern Ontario travel 100 kilometres on snowmobiles through Haliburton County. The riders have gathered pledges based on the number of kilometres they travel. The money collected is used to support the work of the Easter Seals Society in assisting handicapped children.

"We hope the change in dates will not mean a drop in the number of riders taking part," Walker commented. He noted that the Minden ride has become a popular outing for a large number of regular riders. Last year the Minden ride raised over \$13,000.00. "We're looking to surpass that total this year," Walker commented.

The ride this year will travel north into Stanhope Township and back to Minden. Registration begins Saturday morning at 7:30 at the Minden Community Centre.

Chamber

(from page 1)

side of the Chamber. "Virtually all people who own cottages were at resorts before. If the resorts were empty, the economy would soon find out what the name of the game is," said Stinson.

Kenney's desire to have Minden better advertised through the Chamber seems to be in part "the Minden-Haliburton thing rearing its head again. I hate to see that stirred up," said the manager.

Kenney suggested in his presentation which was prepared at the request of Deputy Reeve Ed Pergolas and Reeve Lyle McKnight, that the "message" from the chamber is "Let the individual success of municipalities and private business be a spin-off of the county's appeal to visitors." Stinson said this is indeed what the Chamber is attempting. Kenney says in the release he would rather see the county benefit from the municipality's unique position.

Chamber president, Rhonda Elstone said there could be no emphasis placed on any area of the county because the county funds the organization. She pointed out, for example, that the eastern part of the county feels promotional efforts have not been directed that way.

Hagood and friends entertain full house

The crowd that packed the high school auditorium in Haliburton Tuesday, February 8, to hear pianist-composer Hagood Hardy, was in for a bit of a surprise.

Hardy (with a little help from some friends) used a variety of instruments and musical styles to demonstrate how versatile a performer he really is.

The evening began with Hardy performing several of the soft, soothing instrumental songs that have become his trademark. Then, he turned the show over to Judith Lander, a vivacious singer-songwriter who nearly stole the show.

Lander, a native of Manitoba, is best known for her lead role in the musical "I'm Getting My Act Together and Taking it on the Road", which had a two year run in a Toronto theatre. She and Hardy have been writing music together for several months and several of the songs they performed Tuesday night were results of their collaboration.

Lander possesses a sultry, yet powerful voice. She performed a variety of her own compositions, the most notable being a soft ballad entitled "The Man in the Tie" and a comical country tune entitled "Hoedown."

The first half of the show was all Hagood Hardy, as he performed many of the compositions that have made him one of Canada's most popular (and busiest) musicians. Songs like "Jennifer's Song" (written for his daughter) and "When we were Young" were well received, but the crowd saved the most applause for Hardy's biggest hit "The Homecoming."

Although Hardy is known best for his piano compositions, he spent most of his early musical career playing the vibraphone.

"I played the vibraphone in jazz bands for 17 years," he revealed. "I took up the piano later on to help my composing."

The Homecoming

For years, Hardy was a successful, yet relatively unknown composer of film scores and commercials for radio and television. Then "The Homecoming", originally written as a commercial for a tea company, was released as a single. The song won a Juno award and suddenly, Hardy was a household name.

After 22 years as a musician and having recorded eight albums, Hardy is showing no signs of slowing down. He and

Lander recently collaborated on a television movie score for an American network and after a mini-tour of northern Ontario, they will begin work on another film score.

Does Hardy resent being typecast as a composer of soft, romantic ballads? Not at all.

"There are all kinds of people playing the most popular forms of music today, like rock," Hardy said. "I think we need to be reminded that there are alternatives, in music and in all forms of art."

Hardy added that he welcomed the opportunity to play for a small audience after playing before large crowds in cities such as Ottawa or Toronto. Throughout the concert, the atmosphere was loose and informal, and Hardy and his back-up trio obviously enjoyed themselves.

Hardy (not known for his vocal abilities) even sang one song, (with tongue firmly in cheek) while sideman Rob Piltch hammed it up on electric guitar.

"There's something very special about playing smaller places like this; everyone's so nice," Hardy said afterwards. "It's always nice to know that what you're doing is being appreciated."

The current tour began in

Hagood Hardy

Bancroft the night before, and will take Hardy and friends to several small towns in the next few weeks.

The Hardy concert was

presented by the Haliburton Highlands Guild of Fine Arts, as part of a winter series of performances. The next event will take place April 18 when

Canadian actor-playwright Barry Belchambers will star in "Madly in All Directions", a tribute to satirist Stephen Leacock.

Airport objections upheld

(from page 1)

she had refused to complete the questionnaire. Eastmure said the citizens who had contacted him were looking to the resort to provide leadership in blocking further expansion at the airport. He pointed out that many of the calls he received were unsolicited.

The objectors pointed out that the airport would likely not make a profit, as has been suggested. Anthes noted that the Muskoka airport "has never turned an operating profit."

The manager of the Muskoka airport, Charlie Dow, contacted Tuesday by The Times, stated that only about half a dozen airports in the country make a profit. The remainder act as feeders for these large airports.

However, he also pointed

out that airports provide a service which result in other financial benefits for the community in which they are located. He said without the airport in Muskoka, many of the big companies such as Alcan, Uniroyal, Rockwell and others would not have located in the area. The increased accessibility offered by the airport encouraged these firms to locate plants nearby.

Dow also pointed out that the airplane traffic through the facility also added to the local economy. He said at times there were as many as 100 private planes parked at the airport. He suggested that if the individuals from each of the planes spent \$100 in the area, the community would have profited.

Eastmure questioned

whether the province would fund improvements at the Stanhope airport with an 80% subsidy similar to that provided for highway improvements. He noted as

well that if the province assisted with upgrading at the Stanhope facility, it was unlikely that a second airport in the county would receive assistance. It has been suggested that an airport could be built near the community of Donald on County Road One. Anthes also questioned whether the province would be willing to invest money in an airport (Stanhope) with limited development potential.

Anthes said it was unlikely light industry would locate near the airport because any expansion would not be enough to handle the

transport planes needed to move products and personnel in and out.

He also suggested that a commuter service would not prosper. He pointed out that it was tried at the Muskoka airport and has since been dropped.

The council appeared to have agreed with the stand taken by the objectors. Before the meeting closed Wednesday afternoon a resolution was passed stating that the township had no intention of offering the airport to the county. Reeve Harry Davis said the township was not contemplating any expansion of the airport and, while the possibility of paving the existing runway has not been ruled out altogether, it would be "a matter of money", both the township's and the province's.

Assessment
needed

The feelings expressed by Councillor Gary Kenney, and endorsed by other members of the Anson, Hindon and Minden council, concerning the Haliburton Highlands Chamber of Commerce deserve careful consideration. The report the councillor presented Thursday challenged some of the basic reasons offered in the past to support the Chamber's existence.

The points made are not new, they have been experienced previously, but rarely in such a public and comprehensive manner.

Is the Chamber acting in a manner that serves the interest of all its members or just a few? Is there another more efficient manner in which the services provided by the Chamber could be organized? Does public support of the Chamber, through tax dollars, create a conflict of interest or compromise the freedom of the Chamber?

These are just a few of the issues raised in Kenney's brief to the council. By the time the concerns raised by the councillor are read, the county council will probably have decided on the degree of support the Chamber will receive from public funds for 1983. But that does not mean the issues should be ignored.

A careful assessment of the direction the Chamber is taking should be undertaken in the coming year. We believe the service the organization provides for the county will be strengthened as a result.

Express yourself

Readers of The Times are invited to express their opinions on issues of local interest through letters to the editor. The letters to the editor section of the newspaper is one of the most popular forums for the exchange of differing points of view.

It is the policy of The Times that all letters to the editor must appear with the author's name. Only in exceptional circumstances will we allow a letter to appear over a pseudonym. We reserve the right to edit submission for length and will reject letters we feel may lead to legal action.

Letters to the editor can be sent to The Times, Box 97, Minden or left at our office on Main Street just north of the bridge in Minden.

Seeds of spring.

The problems continue

- by Bill Scott, M.P. -

For what seems like over a year now, I, as others in Ottawa, have been forecasting the end of this longest session of Parliament ever.

Instead of closing the session, the government has chosen to propose mini-budgets, economic statements and Cabinet shuffles. They have avoided having to face a full throne speech and budget debate. This may have been a wise move for Mr. Trudeau and his Liberals politically, but it has done nothing to aid economic recovery.

The November 1981 budget delivered a devastating blow to the economy from which it has not yet rebounded. The successive alterations to its proposals served only to appease the most vocal opposition. They are afraid to admit that the basis of their economic policy is what caused our troubles to begin with.

In the economic statement

of last June the government began a new practice in the process of budget making. Rather than putting some of their proposals into legislation, they established a commission to study them. What they wanted to do was to find out what the community thought of the ideas before committing themselves to making their government policy. I hope they are listening to the comments now on the compensation being given to the chairman of one of their wonderful committees to study a problem rather than solve it.

This week's well placed Cabinet leaks have produced information indicating the government is preparing some bold new initiatives for an upcoming budget. These initiatives include a National Centre for productivity, a scheme to induce unemployed young people into the Armed

Forces and a proposal to fund a massive capital works project by allowing the deficit to grow to upwards of \$30 billion. Undoubtedly, only those proposals which receive a good response will be included in the budget if and when it comes.

What I find most interesting is the fact that these supposed bold new initiatives are just a revival of ideas I and other opposition Members have been pushing for a long time. Over the last year alone, I have addressed the problems of Canada's productivity gap in several speeches in the House of Commons and at public functions in our area. The last effort to improve productivity in Canada was made by the Diefenbaker government in

(more on page 6)

outdoors

- Federation of Ontario Naturalists

Is Ontario running out of wood? According to figures pulled together recently by the Ministry of Natural Resources, the answer depends on what kind of wood we want, and how we manage our forest over the next 20 years. For the conifer species, highly desired for paper-making, a shortfall in supply by the year 2000 is likely unless we start taking better care of our northern forests.

At the moment, the first industry cuts about 600,000 acres per year, taking about 15.2 million cubic metres of conifer wood to the mills. By the year 2000, more efficient mills are expected to increase that harvest to 18.4, but the Ministry estimates that only 17.4 M.C.M. will be available. All this assumes that the computer revolution won't reduce the demand for paper, and that the recession doesn't bankrupt some companies and that Ontario doesn't lose out in the paper market to cheaper products from abroad. But if all the assumptions hold, where will we find the wood?

The simplistic answer is to clearcut the parks system and lakeshore reserves, and to stop any new parks. But in fact the amount of wood involved in these protected areas is small - only 2-4% of industry's needs. Compare that to fire losses in northwest Ontario where 20-30% of the annual allowable cut routinely burns. Or to disease and insect losses of 15% in the northeast.

The Ministry seems to be suggesting that a multi-pronged approach will be more effective in meeting the real problems. Better use of wood from each acre harvested, by reducing waste and chipping tops and branches, for example, could increase yield by 5-10%. Better use of abundant species such as poplar and a more efficient allocation of timber limits, would also help. More emphasis on fire and disease control, with firm targets for improvement, could wipe out potential shortages and make better use of the forest resource.

coming up

Friday, February 18 - Potluck supper at the Lochlin Community Hall, 6 p.m. All interested Snowdon Supporters are welcome. After supper a meeting regarding "Drug use and Abuse" will be held with a member of the O.P.P. showing films on the subject and answering questions. Please plan to attend.

Saturday, February 19 - Monthly Dance at West Guilford Recreation Centre. Dance to the band everyone has been waiting for - 'Family Tradition'. Admission \$8 a couple. No minors please.

Wednesday, February 23 - Agricultural meeting in the Municipal building at 7:30 p.m. Everyone welcome.

letters letters

Editor:

I have waited a few weeks to see if there would be any reply to P.M. Graham's "second" letter. None having appeared, I feel obliged to respond to the irresponsible reference to the Haliburton County Water Resource Committee.

To imply that a Committee, whose members in part include both elected and appointed local officials, and who in the past requested the

Town of Minden to participate, is just now surfacing, gives a good idea of how knowledgeable Mr. Graham is in this matter.

The only accurate statement he makes concerning the Committee is that Mr. Robinson "thinks", an attribute one would have difficulty in applying to Mr. Graham.

G.G. Robinson,
Blairhampton.

Racers on the ice track by the Minden Curling Club slide neck and neck around one of the corners. Ice racing will be continuing this weekend at the Fairgrounds.

Council briefs

The following items were discussed at the February 10 meeting of Anson, Hindon and Minden township council.

Three members of the municipality have been appointed to the Anson, Hindon and Minden Planning advisory committee. The appointments were approved at the February 10 meeting of the council.

The three who will serve on the committee are Morgan Loucks, Don Hall and Dean Elliott. The committee will also include two members of the municipal council and municipal clerk-treasurer Elinor Burke and by-law enforcement officer Dick Schell. The group will advise the council on planning matters.

Museum committee

Two appointments were made to the Minden Museum Committee. John and Freda Hulbig will serve on the committee for one year.

Advertising committee

The council also approved the appointment of Don Wolfram and Wendy Ladurantaye to the advertising and promotion committee for 1983.

The committee was authorized to investigate the installation of advertising signs on Highway 35 and 118. A report to the council is expected at the next meeting.

Liaison committee

Reeve Lyle McKnight and Deputy Reeve Ed. Pergolas will act as a liaison committee with the Ministry of Natural Resources and the Ministry of Municipal Affairs and Housing with regard to the special policy area along the Gull River. The municipality has received approval in principle for the SPA from the two ministries.

Bigfoot baseball

The Haliburton County Ladies Softball League had a first on Saturday, with Wilberforce ladies hosting the Minden Seniors to a ball game on snowshoes.

Now if you think Ladies baseball in the summer is a laugh, you should see them on snowshoes. Minden had to import some players from Haliburton and this strong team won 14-1. They were led by Big Shoe Cully and Slu Foot Hewitt. While Wilberforce had good defensive plays from Drizzly Dean and Sore Fingers Perrigreen. Nelda Cully was M.V.P.

This is going to be an annual event, so watch for us next year!

More farm statistics

-by John Eakins, M.P.P. -

In today's column I thought I might provide further information with regard to agriculture in Ontario, since many constituents have indicated considerable interest in this important area of our economy.

Farm capital

Farm capital in Ontario with capital defined as land, buildings, machinery and equipment, and livestock, almost doubled in value between 1961 and 1971 (from \$3.7 billion to \$6.9 billion). During the period from 1971 to 1976, it more than doubled again, reaching almost \$17 billion. During the next period, 1976 to 1981, farm capital reached \$31.3 billion, making the value of agricultural production facilities approximately equal to the value-added of Ontario's manufacturing industries.

By far the greatest change was in the value of land and buildings, which in Ontario were worth almost \$25.3 billion in 1981, which represented an increase of 83% since 1976. In percentage terms, the increase in the value of machinery, equipment and livestock between 1976 and 1981 was greater than that for land and buildings (90%, as compared with 83%). But machinery, equipment and livestock represented in 1981, 19% of the value of farm capital, whereas land and buildings comprised the remaining 81%.

What all of these capital statistics suggest, is, in very rough terms, something of the loss to Ontario's economy when, for whatever reason, farms go out of production. If

Ontario had, for example, the farmland in production currently that it did during 1951, the province's farm capital might have been worth as much as \$43.8 billion, which is 40% more than the value of today's farm capital.

Farm Operators

Farm operators in Ontario are increasingly younger. The 15 to 24 year old age group grew by 15% in size between 1976 and 1981, whereas the entire number of farm operators decreased by 7%. The vast majority of farm operators continue to live on their farms. But those farms, to a greater and greater extent, are not individual or family farms. The number of family farms in Ontario decreased by 15% during the period 1976 to 1981 (12,210

actual farms).

On the other hand, farms owned in Partnership or by companies increased in number. The largest number of farm operators (16.9%) had annual sales of between \$10,000 and \$24,999. The next largest group were those operators who earned less than \$2,500 per year (16.4% of the total). Although detailed income statistics are not yet available, the average farm expenditure in Ontario of \$13,700 for rent, wages and feed suggests that many farm operators are not breaking even on agricultural activities. It should perhaps come as no surprise, then, that the number of days of paid off-farm work for Ontario farm operators was almost 6.9 million in 1981.

from the chamber

by Bob Stinson

Each year Sir Sanford Fleming College seeks nominations for their "Fellowships in Applied Education." The awards were instituted to "recognize citizens for significant achievement and community contribution through the outstanding application of knowledge in any trade, vocation or profession. Nominees must work and/or reside in Victoria, Haliburton or Peterborough counties."

Nomination forms for this purpose are available at our Chamber office and we are pleased to co-operate with the College in making them available. There are certainly some citizens in our county who would be most worthy of serious consideration by the committee and we hope some of you will take this opportunity to nominate them. Completed forms must be submitted by the end of this month.

Haliburton Huskie Old Timers

Someone who played Junior Hockey in 1970-71 can hardly be called an "Old Timer" in most circles. It will, however, be like old times for many of the participants in the game being organized by the Haliburton Kinsmen for February 26 at Dysart arena. The Huskies won an All Ontario Junior D title that year and the team is being brought back together to play against an All Star team selected from the Industrial League. Admission is \$2.00 for adults and goes towards the Canadian Cystic Fibrosis Foundation. It should be a very interesting evening.

Haliburton Winter Carnival

The Haliburton Rotary Club has been emphasising participation in their Winter Carnivals in recent years and they invite you to get involved. Anyone can compete in the fish derby, the ice sculpture, the ski tour, the snowmobile races, the giant slalom and dress-up contest at Sir Sam's or the lumbermen's competitions on Head Lake Saturday. Anyone may also enjoy the pancake breakfast, the chili supper, the dances, the sleigh rides or the snowmobile safari. Whatever the weather there will be something for everyone's taste and talents in Haliburton this weekend — and don't forget the carnival sale at the Rails' End Gallery.

Easter Eggs aid Churches

St. George's Anglican Church in Haliburton and St. Paul's Anglican Church in Minden have many of their ladies making beautiful cream filled chocolate coated Easter eggs which they will gladly personalize with the lucky recipient's name for only \$1.25 each. To place your order in Minden call Linda Elliott at 286-1817 and in Haliburton Aveline Petch 457-2666. Proceeds go towards the benefit of the

respective churches.

Marketing plan completed

Many months of planning by committees and hours of refining by the Chamber Board of Directors have now resulted in a 23 page marketing plan and budget presentation which this week is being presented to County Council.

The plan is unveiled at the County meeting because much of the Tourist and Convention's Bureau's plan relies on County funds to make it possible. The Chamber's projects, on the other hand, are designed to be self-sustaining.

Figures provided to us last week indicate that in the year 1981, 4720 persons year of employment were provided by the Tourist Industry. This represents 44% of our permanent population. Granted much of this employment is provided in the summer months to students who come from outside our county, but the figure is very significant. It indicates what a major impact the industry can have, how labour intensive it is, and how much employment it can provide if we continue to expand our seasons of peak business.

Experts tell us that leisure is going to be one of the greatest concerns to people in the future. We have a growing industry that we are capable of tapping and your Board has been working with great vision towards that goal.

We hope you will be as excited about some of our new plans that are being unveiled as we are — and be sure that you are part of them. There's a place for all of you.

Bill Scott

(from page 4)

1960 when they established the National Productivity

Council. By 1976, the Trudeau Liberals' actions destroyed these efforts. The other proposals, as well, are new versions of ideas brought to the House by our Party over the last couple of years and discarded by the Liberals as nonsense.

What was said

The following is an excerpt from question period in the House of Commons, Wednesday, February 9.

Mr. W.C.Scott (Victoria-Haliburton): Madam Speaker, my question is directed to the Minister of Consumer and Corporate Affairs. I understand that his Department declared on Monday of this week that mandatory metrication "obviously does not apply to the Government". We all know it is true that international standards for many items are not in metric. To say the private sector must convert despite this, whereas the Government is free to do as it pleases, is sheer hypocrisy. How can the Minister allow this double standard, and what will he do about it?

Hon. J-J Blais (Minister of Supply and Services): Madam Speaker, the hon. gentleman is dealing with a story that arose out of procurement by my Department of turbo fuel in the international market, in order to supply DND aircraft abroad. The measure that is used in the marketplace is American gallons.

Some Hon. Members: Oh, oh!

Mr. Blais: That is why we have used that particular standard, limited to the international market. In terms of the domestic market, I can assure the hon. gentleman that all of our measures are metric.

Mr. W.C.Scott (Victoria-Haliburton): Madam Speaker, my supplementary question is also directed to the Minister of Consumer and Corporate Affairs. Now that his Department has admitted that the world unit for some fuels is gallons, I ask the Minister will he withdraw all prohibition against the sale of fuel in gallons in Canada.

HON. J-J. Blais (Minister of Supply and Services): Madam Speaker, the hon gentleman should have listened to the reply that I gave him initially. I will provide him with the details of our procurement system. In terms of international procurement, when we deal with international suppliers for DND bases outside Canada, we are dealing in that context with American gallons. Inside Canada, of course, our requirements are measured in metric terms.

Did you know?

In recent months, a small workshop group has been formed in the county to take a close look at alcohol/drug abuse. The aim of the Committee for Alcohol and Drug Education, as it is called, is to seek solutions aimed at a reduction of the problem, which affects all age groups. In order to pursue this important work, the group needs a broad membership base. Every citizen of Haliburton County should make an effort to join this worthwhile group in order to help resolve what has become a serious social problem in our area.

For information call Jane Heppleston at 457-1316 or Virginia Gentle at 286-3345.

In 1982, many county citizens took advantage of a Home Renovation program under Canada Mortgage and Housing called (CHRP).

After spending an initial \$2,500.00, the homeowner received a 30% financial assistance for the balance of the project, up to \$3,000.00 in the form of a forgivable loan.

This popular program will come to an end on April 30, 1983. Anyone thinking of renovating should contact the Haliburton County Information Centre for an applicant's guide and mail an application to CMHC as soon as possible. The Centre is located in the Drag River Municipal building, Haliburton. Telephone 457-2733.

Minden Juveniles skate on the Mactier net Friday night during the game at the Minden arena. The Juveniles won 7 goals to 1 and the game was the third in the team's four game sweep.

Juveniles defeat Mactier four straight

by Dwight Thomas

Two weekend wins have given the Minden Monarchs Juveniles a four game sweep of their playoff series with Mactier.

Following series opening wins of 11-3 and 11-4, the Monarchs came back last weekend to trim Mactier 7-1 Friday night before a sparse home crowd and ended the series with an 8-4 victory in Mactier on Sunday night.

The Monarchs put on a strong checking display Friday night, controlling the game throughout and stymieing the Mactier attack with relentless forechecking. Had it not been for the excellent play of the visitors' goalie, the score would have been in the double figures.

Minden opened the scoring late in the first period and Kevin Warburton set up Stephen Smith for the first tally. Scot Hamilton added the Monarchs' second goal three minutes into the second session with Scott Mitchell picking up the assist. Some four minutes later, Jeff Stamp passed off to Scott Rae who swept in from the left faceoff circle, beautifully outmanoeuvred the goalie and slid in a shot from the short side. Nine seconds later Scott

Mitchell scored a similar goal to put Minden up 4-0. Rob MacLeod did all the work on this counter as he fought off three defenders with great second and third effort and supplied Mitchell with a perfect set up.

This is indicative of MacLeod's work all year and it is with determined effort like his that gives the Monarchs a good chance of winning the Ontario title.

Mitchell and Hamilton set up Jim McKelvey for the fifth Minden marker just forty-five seconds into the third frame. Jeff Stamp, on a Kevin Warburton assist, added another Minden goal three minutes later. Minden's final goal was an excellent unassisted, shorthanded effort by Eldon Bull. Mactier's only goal came late in the game while the Monarchs were playing one man short.

Stephen Smith and Scott Rae scored two goals each to lead the Minden attack in the series ending game Sunday in Mactier.

The Monarchs scored the only two goals of the first stanza with Eldon Bull scoring on assists from Rob. MacLeod and Scott Rae and

Rae following five minutes later with a goal set up by Bull and MacLeod. Mactier scored two power play goals by the eight minute mark of the second period to tie the game.

However, three Minden goals in exactly four minutes snubbed the hosts' rally. The Monarchs' power play clicked as Stephen Smith scored on a set up by Fred Roberts and Greg Newell. Rae followed that with his second goal of the game before Jim Wood set up Scott Mitchell for another power play goal.

Mactier scored at 13:27 of the final session but Jeff Stamp restored Minden's three goal cushion just fifteen seconds later as he knocked home a Kevin Hamilton relay. The host team added one more goal before Stamp fed Scot Hamilton for Minden's seventh marker. MacLeod and Rae passes set up Smith for Minden's last goal, on a power play, late in the period.

In the four game series Minden outscored the opposition by a 37-12 count. The Monarchs now await the winner of the Thornton-Creemore series. Thornton presently leads the eight point series 3 points to 1 with games

appeared to be the tying marker. The tally was not allowed and so Mactier claimed the game and the series.

The Bantams now advance to the consolation series.

Juveniles

The Juveniles defeated Mactier four straight in a best of eight point series. They defeated Mactier 7-1 Friday in Minden and 8-4 Sunday in Mactier. (See separate report on the two games.)

Others

The Novice, Atom and Pee Wee teams are gearing up for their opening play-off rounds. Arrangements are still being made.

Hartwick takes opening series

Hartwick Construction has captured the first round in the Minden Recreational League playoffs. They defeated the Rockcliffe Foamblowers Monday evening to claim the best of three semi-final series two games straight. Hartwick defeated the Foamblowers 3-2 in the Monday encounter.

In the other semi-final series, Halls Insurance and Home Hardware are tied at a game apiece following a strong 8-2 win by Halls Monday evening.

That series will continue this Monday evening at 8:30 when the winner will be decided. Hartwick Construction, which advances to the finals, will play an exhibition game with the Rockcliffe squad at 7 p.m.

Admission is free and everyone is invited to come out and take in the action.

The top scorers in the Minden Men's Recreational Hockey League have now been identified:

Rick Hartwick of Home Hardware is way out in front of the league with 47 points, 29 of which were earned as goals and with 18 assists all in 12 games. Hartwick has 9 penalty minutes.

Dave Brown of Hall's Insurance is a distant second with 35 points in 11 games. Brown has 23 goals, 12 assists and 7 penalty minutes.

Larry Sawyer, another Home Hardware player, has 32 points in 13 games. He has scored 24 goals, has eight assists and 20 penalty minutes.

Hartwick Construction's highest scorer is fourth in the league with 28 points. Sid MacKeigan has played in all 15 games. He has 18 goals, 10 assists, and 11 minutes in penalties.

Shayne McKelvey, although held off the board in Monday's game, is fifth in the league. He is tied with MacKeigan at 28 points but has 14 goals and 14 assists in 12 games. He has only three minutes in penalties.

Without any penalties John Barkwell is another Hartwick Construction player. He had 24 points, 16 of which are goals with eight assists in 12 games.

Al Stender is tied with his Hartwick team mate at 24 points, 13 goals and 11 assists. He has acquired 21 penalty minutes in 14 games.

Ted Vasey is Home Hardware's last player in the top ten one back of the Hartwick players at 23. Vasey is second only to Rick Hartwick with assists at 16. He has 7 goals and 21 penalty minutes in 14 games.

Ninth in the league is Dan Read of Hall's Insurance. He has 22 points in 15 games including 10 goals and 12 assists. He has 7 penalty minutes.

Occupying the 10th spot in front of several close point scorers is Brian Shaw of the Foamblowers. In only 6 games he has 21 points including 17 goals and 4 assists. He has 2 minutes in penalties.

(A complete listing of scoring statistics will be printed in several weeks.)

puck talk

Bantams

Andy Miller led a futile attempt to defeat Mactier in the last game of the first play-off series Thursday evening. Miller potted three goals in the valiant effort, but the host team still managed to pull off a 6-5 victory.

Miller opened the scoring for the Bantams in the first period and scored his second before the buzzer sounded. Mactier managed two goals as well in the first period and scored two more in the second

to take a 4-2 lead.

Tom MacLeod assisted on the third Miller market which came in the opening minutes of the third period. John Wells brought the Monarchs even with the opposition scoring on a pass from Gord Wood. Mactier scored again and then Scott Russell connected to tie the score.

With 12 seconds remaining, Mactier scored the tie breaker. However, Minden charged back and scored what

A Rockcliffe Foamblower fires the puck into the open net as the Hartwick goaltender slides out of position. Hartwick won the game 3-2 to win the best of three series two games straight. The game was held Monday night in Minden arena.

Oshawa winners

Oshawa teams once again dominated the Tim Harrison Memorial Midget Hockey Tournament held during the weekend in Minden. They placed three of five participating teams in the final games.

The Moose Lodge Bruins of Oshawa claimed the Tim Harrison memorial trophy on a championship game in which they defeated Richmond Hill 5-2. The trophy was donated by the Harrison family in memory of Tim Harrison who died following an accident during a hockey game.

The Oshawa Canadians claimed the consolation trophy, defeating Connaught Park, also of Oshawa by a close 2-1 margin. They received the Tim Harrison trophy donated by the Minden Rotary club.

Minden Minor Hockey also presented the winning teams with medallions.

Derek Poff of the Connaught Park team

received the trophy as the outstanding goaltender. He recorded the most saves during the day and was responsible for the close score in the consolation championship game.

The following is a breakdown of the action Saturday:

Opening round: St. Anne's (Peterborough) 7 - Connaught Park (Oshawa) 1; Moose Lodge Bruins (Oshawa) 4 - Woodview Park (Oshawa) 0; Richmond Hill 13 - North Oshawa 0; Willowdale 4 - Oshawa Canadians 2.

Consolation round, semi-finals: Connaught Park 2 - Woodview Park 2 (Connaught wins having scored the first goal); Canadians 13 - North Oshawa 0. Final game: Oshawa Canadians 2 - Connaught Park 1.

Championship round, semi-finals: Moose Lodge Bruins 6 - St. Anne's 1; Richmond Hill 4 - Willowdale 2. Championship game: Bruins 5 - Richmond Hill 2.

EMPLOYERS OCAP can help

If you are an employer who wants to hire a young, eager person but can't meet the initial training costs ...the Ontario government has an employment program just for you...

WHAT IS OCAP?

The Ontario Career Action Program is designed to help young people learn practical, marketable skills on the job. Many young people face a major problem. Lack of previous work experience prevents them from finding regular jobs related to their career goals and education, yet the only way they can get that experience is by being employed! OCAP was created to help overcome this dilemma by bringing together unemployed youths and employers, with the help of your local community college.

EARN WHILE YOU LEARN

OCAP provides on-the-job training for a period of up to 16 weeks. Trainees will receive an allowance of \$100 per week plus 4 per cent vacation pay from the Ontario Government. Income Tax, Canada Pension Plan and Unemployment Insurance premiums will be deducted. Trainees are responsible for their own health coverage but most

trainees will qualify for premium assistance. Enquire at your local OHIP office.

WHO QUALIFIES?

Trainers:

All Ontario businesses, industries, provincial government ministries, colleges, universities, Crown corporations, municipal and federal governments are eligible to participate.

You must ensure:

- * that the training will be for a period of up to 16 weeks, depending on the complexity of the job duties

- * that there are good prospects for employment of the trainee with you after OCAP

- * OR that the skills acquired in training are marketable in the community, so that job prospects for the trainee are good with other businesses

- * that no regular full-time or part-time employees are displaced in any way by the introduction of an OCAP trainee

**PLEASE DROP IN TO OUR HALIBURTON CAMPUS TO DISCUSS
YOUR TRAINING NEEDS OR GIVE US A CALL AT**

705-457-1680.

**sir sandford
fleming college**

OCAP CAN HELP

Are you between the ages of 16 and 24?

Have you been out of school for at least 3 months?

Are you actively looking for your first full-time, career-related job?

If the answer is yes to each of these questions, the Ontario government has just the program for you...

The Ontario Career Action Program

You may be finding it extremely difficult to get a job in your chosen line of work because you lack experience; at the same time, the only way to obtain this experience is by getting a job! The Government of Ontario has designed the Ontario Career Action Program (OCAP) to help you over this frustrating hurdle.

EARN WHILE YOU LEARN

The OCAP training period lasts up to 16 weeks, depending on the complexity of training. During this time, you receive a training allowance of \$100 a week.

GET PRACTICAL, ON-THE-JOB TRAINING

OCAP gives you practical, on-the-job training. You learn in a real work environment, one of the best ways to improve your job skills, work habits, and productivity. This work experience should increase your chances of obtaining that first all-important regular job. It should also help you to compete for jobs with more self-confidence. OCAP will not find you a permanent job, but it will help you to find one for yourself.

FIND THAT PERMANENT JOB

Job-search counselling and career guidance are also part of the OCAP experience. You will participate in workshops on how to search for employment effectively, how to write a good resume, and how to present yourself at a job interview. You will also be encouraged to apply for regular jobs and given help in arranging job interviews during your training.

HOW TO APPLY

Application forms for participation in the Ontario Career Action Program and further information are available from the OCAP office at your local community college or Canada Employment Centre.

FURTHER INFORMATION ON OCAP.

PLEASE DROP IN OR GIVE US A CALL AT 705-457-1680.

Broom and Stone

by Anita Beaver

The following are the standings in the various leagues as of February 14:

Monday Night ladies: first L. McKnight; second D. Neals; third L. Titus.

Tuesday Night men's: first D. Thomas; second J.O. Jackson; third J. McKelvey.

Wednesday Night, (MNR-OPP-Hydro): first M. Mintz; second R. Raby; third D. Thomas.

Thursday Night mixed: first J.O. Jackson; second J. Pillsworth; third Bill Roodenburg.

Friday Night mixed: first J. Garbutt; second H. Gill; third R. Reid.

Senior mixed: first E. Pettinger; second C. Yearwood; third J. Grant.

Senior men's: first C. Yearwood; second S. Stewart; third H. Morgan.

Senior Men's

Jim Burton led the Minden

senior men's rink which travelled to Hamilton last weekend for the Senior Tankard. The men won their first game but lost their second and third outing. The final game was missed by only a single stone. Other members of the Minden rink included vice M. Endicott, second Herb Gill and lead J. Beachli Sr.

This event is an invitation only bonspiel and it was quite an honour for this community to be represented. We understand we will be sending a team next year as well. One member of the original team, Jack Harring, was unable to attend the event. Get well soon Jack.

Thursday of this week will see a senior mixed bonspiel taking place in Haliburton. Eight rinks will be taking part from each club. If you're not playing, the rinks could use your encouragement.

Ladies Tankard

The Ladies Tankard is being held this weekend in Bobcaygeon. Minden will be represented by two rinks whose scores will be combined for determining the winning community. Both Minden foursomes won their first games Monday with a combined total of 23 points. They were facing rinks from the host club.

Those representing the Minden club include: in the first rink, skip Nancy Garbutt, vice Debra Neale, second Lois Titus, and lead Marion Anderson; the second rink, skip Penny Obee, vice Sally Bonner, second Jane Symons and lead Anita Beaver. The ladies will be playing Tuesday in the second round.

Schedule

Note the senior men's bonspiel Friday February 22 and the Carnarvon Electrical Men's bonspiel slated for February 26.

Farm management 1983

As we enter 1983, it might be worth noting some comments made by David Strange, an Indiana pork producer at the 1982 American Pork Congress. He notes that the three fundamental R's we learned at school were "Reading, Riting and Rithmetic." The three R's for farm survival in the years ahead are "Records, Resources and Relationships."

Farmers will be unable to survive the 80's without a good set of production and financial records.

Is that rented land paying its way? Which dairy cows are putting dollars in your pocket? How many pigs per

sow per year did you market in 1982? What were your production costs for a particular crop? Farmers should be able to answer these questions.

Beef and port producers should be able to determine their feed conversions and cost per unit of gain.

Many farmers look upon

record keeping as an added and perhaps unnecessary "chore". Records are vital to your success. Update your records over a second cup of coffee and after breakfast or lunch. Don't leave them till late at night after a hectic day of work. They are too important to be tackled while tired or watching television.

Above all, don't play games to make your records look good compared to your neighbours - the only person you hurt is yourself.

The second of the three R's is resources, or, the management of resources.

With the current state of the economy, farmers should be attempting to reduce their debt load. Expansion in the beef and hog industry with borrowed capital is very questionable at this time.

Many farmers have machinery and equipment that are not used effectively or sufficiently to warrant their purchase. Are there custom operators in your area? If so, you are further ahead to sell some equipment.

Are your facilities used to their optimum? If not, why not? Is this limiting profit?

Another resource we could use more wisely is "time." Take a look at how you use your time. Time management will become of greater concern in the 80's.

The third R is relationships. Cultivate a close relationship with your banker, veterinarian, feed and seed representative and agricultural office staff. This will help you keep in touch with the rapid changes in today's agriculture. Confrontation with your banker does not promote a healthy working relationship.

Discuss proposed major changes in your farming operation with your family, lending agency and agribusiness personnel. Not many

businesses dealing with the dollar volumes which most farmers do today, would make financial decisions based on decisions of only one person.

Between the pins

On Sunday January 30, the O.V. 5 pin Classic Zone round was bowled in Fenelon Falls. Making the team to advance to regional finals in Port Hope on March 6 were Donna Vallenelle Fenelon Falls, with a plus 148 pins over average. Bessie Seagwick with a plus 121. Linda Thorpe, Carnarvon with a plus 105. Jim Carrell, Carnarvon plus 231, Walter Sweeney, Fenelon Falls plus 184. Runners-up were Joan Deyell, Fenelon Falls with a plus 102, Gary Rutherford with a plus 181. Also having a good day was Gord Darby.

On Sunday February 13, eleven teams competed in the Provincial Team Championships at Carnarvon.

For a while it looked like the Senior Citizen's team was going to win but in the last game, the Vankoughnet Mixed Team squeezed by winning with 182 pins over average. Second place was taken by the Golden Age group with 166 pins over average.

Dorset Mixed standings

Roaming R's 231; Farm Team 218; Rolling Stones 215; The Hawks 214; Helen's Honeys 211; No Names 207.

High average - Men

Ralph Raven 201; Bob Webb 200.

Ladies

Joyce Broerma 165; Donna Draycott 164.

High Single Flat

Men: Ralph Raven 309; Bryan Barnhart 305.

Ladies: Flo Gibbons 337; Helen Avery 276.

High Triple - Flat

Bob Webb 799; Ralph Raven 715.

Ladies: Flo Gibbons 655; Gwen Harrison 652.

Tuesday Combines

End of Series Two: Robbins 17; Woodpeckers 25; Hummingbirds 29; Chicka-

dees 38; Blue Jays 40; Sparrows 40.

High Triple

Ladies: Annie Jones 621; Pearl Foster 669.

Men: Gunther Wolm 798; Ron Robinson Sr. 755.

Some of the high singles bowled were: Annie Jones 230; Pearl Foster 266; Lil Gorveatt 253; Gail Medcalf 236; Millie Beatty 241; Bill G 291; Charlie Holinwell 246; Bruce Medcalf 279 and Art Beatty 273.

High Average

Ladies: Pearl Foster 196; Lil Gorveatt 194.

Men: Ron Robinson Sr., 226; Bruce Medcalf 211.

The Carnarvon 5 Pin Bowlers Booster Club winners were No. 149 - \$60.00 and No. 146 - \$40.00.

Winners of the Carnarvon 5 Pin Bowling Booster Club draw for February 4 was No. 126, \$60, No. 123 \$40. On February 11 winners were No. 193 for \$60 and 131 - \$40.

Service in the chapel each Sunday night when the Thompsons are here to help Rev. John, everything goes just right. We sing hymns that the residents request. With nice services we are surely blest.

Down at fun and fitness this Monday, Ada Shorter won the horseshoe game that we sometimes play. We have lovely new furniture in the main lounge for all of us to use.

Linda showed three short movies Monday night, "The Skating Rink" "White Water" "Blue Water" and "Tony Hunts."

Tuesday morning Rev. Wicks of Minden Gospel Church held a real nice service in the chapel this lovely winter day. We are sorry to hear that Agnes Taylor is back in hospital, so Fred Ballard came to play.

Tuesday night, Dean, Payne and Crowe came to play with a lot of fun, put on a real good show. Payne and Deacon wore cowboy hats poor Daryl he had none but he played and sang so nicely that many hearts he won.

Ted Carr, who builds the trains and carts, won

Wednesday morning playing darts.

I played cards Wednesday night with McKelvey and Michelle, we had bad luck didn't fare very well, but we had fun, everyone can't win. Come back Michelle, we'll try them again.

Thursday afternoon, the ladies of Lutterworth Estates brought in the lunch today, it really was just great. After serving it so nicely we played some lively tunes and some ladies got up and danced around the room.

These nice sunny days seem to keep us all in step - a little moonshine at night gives us lots of pep. Jack Stewart seldom goes down to fun and fitness but won on Friday morning dropping the balls through holes in the ramp for us all to witness.

Friday afternoon when Grace came to sing and Norma came to play, we didn't know it was the Coburn's fortieth wedding anniversary day. We would like to say congratulations from all here at Hyland Crest. You came week after week Grace and gave us of your best. Lorne too comes each week to open up the Tuck Shop to meet the residents' needs, truly it would take a whole page to tell of their good deeds. All the very best is what we wish for you, not only for a special day, but for the whole year through.

After the woman driver made an illegal turn, a police officer ordered her to pull over, then gave her a ticket. Anxious to keep her husband from learning the facts, she marked the stub in her chequebook, one pullover, \$25.00.

Bert Harrison

Furniture purchased

New furniture has been purchased for the lounge at Hyland Crest Senior Citizen's Home as the result of a bequest made to the home.

The funds for the purchase were made available through the estate of the late Elizabeth and John Harrison.

"Because of their thoughtfulness the memory of John and Elizabeth Harrison will live on for many years at Hyland Crest," the home's administrator Sidney Brown commented.

NOTICE

Township of Stanhope

1983 dog licences and tags are now available at the Stanhope Municipal Office.

All dogs are required by law to be tagged. Any dog found running at large is held for a maximum time of three days and then destroyed.

By-Law Officer,
Township of Stanhope,
R.R. No. 1,
HALIBURTON, Ontario
KOM 180

book nook

The following is a list of books available for your reading pleasure at the Minden Public Library.

Juvenile Fiction

Title: Light in the Mountain. Author: Margaret Anderson.

This story is about Rana and the fire-god Atua Ahi, and tells how some of her people voyaged to New Zealand. It tells of their problems with new climate and other conditions and spans one hundred years. Second main person is Ngiao, who was born on the people's Anniversary. Good reading, although not true tales, it gives a good insight into the Maori problems in their new country.

Juvenile Non-Fiction

Number: J.500. Author: J.J. Audobon.

A dual book with illustrations in natural colours of animals and birds of America. Gives a brief note on each and a good book for young readers.

Adult Fiction

Title: Acceptable Losses. Author: Irwin Shaw.

From the grand master of the American novel, an eloquent story about the regenerative power of one man's confrontation with life

and death.

With his customary spell-binding skill, Irwin Shaw unfolds the odyssey of Roger Damon, a good and decent man, with a simple telephone call — "You've been a bad boy." Casting back through old affairs, loves, friendships, enemies and marriages for the one clue that will translate, he thinks, into his life or death, Damon frantically races the clock - while an invisible, impalpable net closes about him.

Irwin Shaw poses Roger Damon at the very gates of extinction, recounting in scenes of mesmerizing drama his desperate fight to return to the normal stream of life, weaving a story of good and evil in which the identities of the contenders are as elusive as the truth of life itself.

Adult Non-Fiction

Title: What's Wrong With My Plant. Author: Chuck Crandall.

This book should be required reading for all of us who are indoor gardeners, and want to keep our houseplants healthy and thriving.

There are handy charts to identify insects and common diseases and their proper treatment. You will find the treatments detailed but easily understood.

Wednesday, February 16, 1983

around the county town

by Yvonne Guida

Lyle Bebensee, a former teacher in Haliburton, now a producer of films, suffered an unfortunate and very serious accident in Omaha, Nebraska. Lyle was struck by a tree and sustained multiple fractures to the spine and had to be flown by helicopter to East General Hospital in Toronto, where, I am happy to report, he is convalescing and doing well. I am sure all his friends in the area join with me in wishing him a speedy recovery.

The Thrift Shop at St. Paul's had a very successful day last week. The thrift shop will be open every Friday and it has items for every member of the family, so do visit the shop. They may have just the thing you're looking for at most reasonable prices.

Also, keep in mind the beautiful Easter Eggs the ladies of the ACW are concocting. They sold several hundreds of these confections last year and I am sure they will make even more of them this year. Anyone interested may call 286-1817 or 754-3161.

As I mentioned last week in my column, I have been asked to speak at the monthly meeting of St. Paul's A.C.W. It will be held at the Parish Hall on March 8 at 7:30 p.m. I will give a demonstration on the use of Acrylics and the painting will be raffled off at 50¢ a chance, the proceeds to

go to the A.C.W. I do hope many of you will attend.

On Friday, Irwin Karnack of CFMX-FM presented an all Beethoven program on his daily broadcast, Measure for Measure. I am sure a lot of you, like me, feel that Beethoven was the master of all composers. It is unfortunate to hear from many potential listeners that they are frustrated in not being able to enjoy this very important station. Apparently both Haliburton and Minden suffer from inability to receive CFMX-FM. Is there not a way to hook into the local cable company so that all might enjoy some of the finer musical art in life?

I hope that you will take advantage of the show currently on display at the Agnes Jamieson Gallery, featuring the batiks of Mary Wallace. This is a very interesting exhibit and runs to the end of February. The gallery is open daily through Saturday from 3 to 5 p.m.

I am sorry that I was not able to conduct my art class at the Gallery last week, due to illness, however I will be back at the store this week and hope to see many of you there on Tuesday.

On Sunday evening I had the privilege of listening to a magnificent voice on CFMX-FM, one of Canada's own, Nancy Hermiston-coloratura.

She has a fantastic voice. She also concurred with what I had written about critics. I had a very pleasant conversation with her husband while she was being interviewed and he told me she would be performing at a benefit for CFMX on April 23, at St. George's Church in Peterborough. So please keep this date in mind and try to get to this artiste's concert if you can. It should be a wonderful evening. My thanks to Irwin Karnack for again reading my poetry on his programs.

I am sorry to report that Mr. Roy Loucks, formerly of Toronto and Mr. Edward Thorlakson of Minden, passed away last week. Our condolences to their families.

The Moose Lodge Bruins hockey team from Oshawa won the championship at the Minden Tournament on Saturday. They were entertained after the game with a pizza party at the home of Jack and Freda Stacey of Newcastle Street, Minden.

Mr. & Mrs. Lloyd King of Lindsay recently returned from Florida and Mrs. King spent the weekend with her mother, Mrs. Windover in the Sunrise Apartments.

Mrs. Lilian Porter had her granddaughter and her husband, Mr. & Mrs. Gary Stacey for the weekend.

Mr. Jack Wlaker visited with his mother Mr. & Mrs. Elmer Harrison of Maple Lake last week.

Rummage Sale! Looking for a bargain? Try the rummage sale at St. Paul's Thrift Shop - a mid-winter clearance. Friday February 25 from 1 to 4 p.m., and on Saturday February 26 from 10 a.m. to 3 p.m.

Free movies will be shown at the Minden Cultural Centre this Friday February 18 for adults from 2-3 p.m. and for children 715 to 8-15 p.m. Movies will also be shown on Friday March 11 and March 25. I hope may of you will take advantage of this free entertainment.

From my heart to yours, I hope you all enjoyed a beautiful Valentine's day!

Winners at the Mini-Card party at the Parish Hall last Thursday included for Cribbage-Cora Hewitt, Euchre-Lone Hands-Bev Johnson and High-Evelyn Robertson, each receiving a Wintario ticket.

Life

Wild soaring up to dizzy heights
Then down to deep despair
The raging torrent
Next the silent spring,
Upon deep billows rudely tossed
In grief's imagining.
Oh fie on him who dares to dream -
Clasp not thy breaking heart,
Nor grasp at wisps of empty air
At murky shadows lying there
Vain spirit, do depart!
And turn thy back on dark desire
The thing that sets men's souls afire,
Oh rest not in that leafy bower
Eat not the grapes, their taste is sour.
But linger 'neath the knowledge tree,
Its verdant branches shadow thee,
Ah, smell with me the fragrant rose
Her lovely petals she'll disclose
And hide the nettles nestling there
To prick thy flesh, so have a care!
O hear the guardian of the night
His dusky softness brings delight
With all your demons we will sup
And quaff your bitter hemlock cup!

Tommy Tucker took the two strings and tied two turtles to two tall trees. How many T's in that?

(There are only 2 T's in that).

Q: What is a tornado?
A: Mother Nature doing the twist.

Q: What has teeth but never eats?

A: A comb.

Q: What runs all around the pasture but never moves?

A: A fence.

Q: When is it hard to get a ticket to the moon?
A: When it's full.

Bye for now. Take it easy. God bless till next time.

Did you know?

A Peterborough-based organization called "Birth-books" offers an updated selection of the best in current literature on a variety of subjects relevant to child-bearing and rearing for parents and health professionals. Books, tapes, teaching aids and baby products can be ordered through a mail order catalogue available at the Haliburton County Information Centre, Drag River Municipal Building, Haliburton. Telephone 457-2733. Office hours 9:00 a.m. to 4:00 p.m. Monday to Friday.

Rhonda Elstone, regional councillor, TV Ontario, advises that she has access to video tapes on a wide variety of subjects for the use of

community groups and organizations. Rhonda has a catalogue of available tapes from the TV Ontario library and she will help you with the selection. Among the many subjects are items on various aspects of health, social services, education, senior citizens and the arts.

Community groups would benefit, at least in this way, from TV Ontario's excellent programming, which, although we are paying for it through taxes, is not available in Haliburton County.

For further information, call Rhonda Elstone at 457-1328.

Do you have a problem? Do you need information? Call your information Centre.

NOTICE

IN THE MATTER OF the Municipal Act; and IN THE MATTER OF a proposed By-law of the Corporation of the Townships of Anson, Hindon and Minden to stop up, close and convey to adjoining the landowner part of the 66 foot 'unopened' Original Shoreline (Marine) Allowance for Road around the shoreline perimeter of Kashagawigamog Lake in front of Lot 21, Concession II in the Township of Minden.

NOTICE IS HEREBY GIVEN pursuant to Section 301(1) of the Municipal Act R.S.O. 1970, as amended, that the Council of the Corporation of the Townships of Anson, Hindon and Minden at its regular meeting to be held in the Municipal Council Chambers, Milne Street, Minden on THURSDAY, February 24, 1983 proposes to consider and, if deemed advisable to pass a By-law to stop up, close and convey the above-noted portion of road allowance more particularly described as follows:

All that part adjoining the original shoreline allowance for road along the shore of Kashagawigamog Lake in front of Lot 21, Concession II in the Township of Minden in the County of Haliburton, designated as Part 2 on a draft Plan of Survey by Bishop and Wilson, O.L.S. dated December 30, 1982.

AND FURTHER TAKE NOTICE that before passing said by-law at the meeting to be held at the time and place mentioned, the Council shall then and there hear in person or by his Counsel, Solicitor or Agent, any person who claims that his or her land will be prejudicially affected by the said By-law and who applies to be heard.

DATED at MINDEN this 2nd day of February, 1983.

(Mrs) Elinor Burke, A.M.C.T
Clerk-Treasurer

Townships of Anson, Hindon & Minden
Box 98, Minden, Ontario KOM 2K0
Phone (705) 286-1260

The plan of survey referred to herein is available for perusal at the Municipal Offices during normal working office hours.

CARD OF THANKS

Many thanks to friends, neighbours and relatives for their cards, flowers and visits. Special thanks to Dr. Lodenquai and staff of Minden Red Cross Hospital, the staff at Peterborough Civic Hospital. With deep appreciation.

Jean Lacey

I would like to say thank you to my relatives and friends for their cards, flowers, calls and visit while I was a patient in Toronto General Hospital. Special thanks to Shirley Harrison, Don and Cindy McElwain, Marg Brown, Mom Loucks, Mom Francis, Janice Shaw and Ted and Darnell. Your help and support will never be forgotten.

Rhonda Francis

HILLS: In Thanksgiving for the life of Alma H. Hills (Hall). To be able to express in the following words the deep appreciation from the whole Hills and Hall families would, indeed, be an almost impossible undertaking. However, to all who have shown their love and concern, we shall attempt to express our thoughts. **OUR MOST SINCERE THANKS TO:** All of you who cared and exhibited that care and love for "Jo" and our families. To my brother clergy, especially the Rt. Rev. C.M. Mitchell (Suffragan Bishop of Niagara), Fr. C.A. Mitchell, Fr. H. Llewellyn, Archdeacon W.O. Straw, Fr. L. Harrison and Fr. D. Russell participating clergy). To the pallbearers: Fr. J. Wright, Fr. R. Adams, Mr. F. Stacey, Mr. D. Beckett, Mr. D. Bell and Mr. W. Kreimes. To the choir of Holy Trinity and St. David's Parishes, Welland. To all who participated in and for our family reception, that is Parishoners of All Saints, Welland St. Pauls, Port Robinson, Holy Trinity, Welland. The Church of the Immaculate Conception, Port Robinson, The Royal Canadian Legion (Branch 4), Welland and the Ladies Auxiliary of the Royal Canadian Legion (Branch 4) Welland.

CARD OF THANKS

To all who were so generous to All Saints' Memorial Fund St. Paul's Parish Hall Building Fund and the Canadian Cancer Society and to the family. To all my former Parishoners, especially of St. Augustine of Canterbury, Hamilton and also to the Most Rev. L.S. Garnsworthy, Archbishop of Ontario, the Rt. Rev. J.C. Bothwell, Bishop of Niagara, The Rt. Rev. W.E. Bagnall formerly Bishop of Niagara, His Excellency the Archbishop Kyril of the Macedonian Orthodox Church, Yugoslavia, The Rev. Fr. J. Baird (OHC) Church of the Immaculate Conception, Port Robinson, The Rev. Fr. V. Ferdymus of Sts. Peter & Paul Polish Roman Catholic Church, Welland, His Honour E. Stranges, Mayor of Welland, Mr. A. Pietz, Regional Councillor of Niagara, The Staff and Students of Welland Eastdale Secondary School and the Chief of Police, Donald Harris and his staff for their kind consideration.

To the Halls Lake Gang - you know whom I mean!

To Mr. M. Thomas, Organist for his kind response so suddenly. To the Rev. Fr. M. Starr who celebrated the Eucharist simultaneously, in St. John's Church, Edmonton for those members of the Hall family who could not be in Welland. To Mr. Michael Walker of the Davidson-Walker Funeral home who was of great assistance in co-ordinating the responsibilities of the Church.

CARD OF THANKS

There have been so many who have exhibited their love and concern - I trust - if you will forgive me, in the words of a Prayer in the Church "And those whom we have forgotten, do thou, O Lord, remember."

Lastly, but foremost - To Almighty God, for the presence of Jesus Christ in His Sacrament - For the Strength and Fortitude which He supplied - the strength of the Power of the Resurrection. In this Strength of the Church - WE THANK YOU.

Rev. Stanley B. Hills on behalf of The Hills Family (Welland) and The Hall Family (Edmonton and Calgary). "The Strong, True and Faithful Army of God, is comprised of wounded soldiers."

The First Minden Scout Group sincerely thanks the ladies who participated in and made possible, the soup and sandwich lunch during Carnival Weekend. Attendance was not large but the food was great! Thanks also to Ron. G., Gary A., and the folk at Ideal for advertising.
